### WHAT PEOPLE ARE SAYING

"Felicia uses her professional knowledge and personal experiences in a way that makes the information accessible and easy to understand. I now feel as if I have more tools to enable me to better support a birthing person experiencing mental health challenges. Thank you, Felicia!"

"I really liked the statement that we as care providers can facilitate access to resources to help decrease stress, bring comfort and foster a deep sense of trust and care. This not only improves their health but provides a felt sense of safety and healing."
