

GREAT LAKES BREASTFEEDING WEBINAR

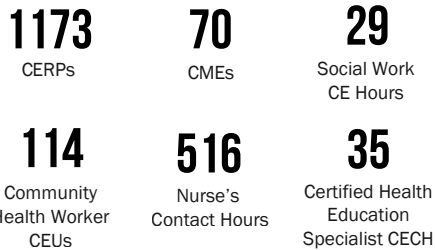

January 2025 Webinar Report

CLIMATE CHANGE AND REPRODUCTIVE JUSTICE: IMPACTS ON PREGNANCY AND PATHWAYS TO RESILIENT MATERNITY CARE BY ZAINAB JAH, MPH

Available December 26, 2024 through December 24, 2025

CONTINUING EDUCATION

WHAT PEOPLE ARE SAYING

"I learned about how natural disasters can have a huge impact on pregnant people and babies - breastfeeding can be especially beneficial in these times."

"Today's training changed the way I think of climate change as it relates to reproductive justice. I have more insight and can better serve clients now that I am more aware of the impact."

"I learned more about how the maternal healthcare community is working to educate others on how the environmental changes are impacting the health of moms and babies in our communities."
